STAFF REPORT

2-21-18

Our call volume for January was up with 49 calls this year vs. 31 last year. Our total call volume is up at 76 vs. 61 year to date. We used a total of 248.9 gallons of gasoline in January and 58 gallons of diesel.

Old Business

The new pickup truck to replace Service 91 has arrived and is being equipped to go into service. If possible, I'd like for the board to surplus the 2013 F-150 that it is replacing so that we can sell it asap.

The Bush Mardi Gras parade was a great success! Lots of participants and a large crowd coupled with (what turned out to be) great weather made for a successful parade.

New Business

An opportunity to replace our oldest fire engine with a 2004 Pierce Quantum fire engine presented itself. STFD1 (Slidell FD) surplussed that engine from it's fleet and offered it to us at a greatly reduced price of just \$15,000. We are scheduled to pick it up and transfer ownership to FD9 tomorrow with the full boards blessing. The funds are available and can come from our surplus we had at the end of the year (2017) that we placed into savings. A second engine will be coming from Bossier City in north Louisiana in the near future and we will be getting it at no cost (other than transporting it down here). At that time I would ask that the board surplus the engines they are replacing.

The audit has started for the 2017 year. Our site visit will be March 5th. I anticipate no troubles at all.

All the stations have had a thorough cleaning and a lot of trash and scrap has been culled. Station 94 is now ready to be manned and will be sometime next month. Station 92 is getting ready and should be manned as well within a month or two as well. We are reallocating our firefighters from station 93 to either station 94 or station 92. This will give us a better overall response time for the district and will hopefully allow us to earn more credit for our next PIAL rating. Each station will be manned as often as we have full shifts and more as our manpower increases over time. This keeps us on track for our long term planning of improving our response to our community.
